Common Sense Solutions For Illinois

"It's time for government to be honest. I support making all government taxation and spending records available to the public online."

Stop the Nonsense
Start applying Common Sense

The Economy

Stop wasting money on big government programs that don't work.
Start allowing Americans to choose which services they will pay for. If government is forced to compete for our money we all win.

National Security

Stop sending our sons, daughters, and dollars overseas to protect and build other nations.
Start bringing the troops home to protect America and Americans. A strong national defense starts at home.

Energy Production

Stop legislating light bulbs and showering subsidies on the industries with the highest paid lobbyists.
Start green lighting every possible solution: drill for oil here at home, pursue hydrogen, wind, solar, and nuclear options. Let the best technologies win.

Family Guy - Army Vet - Working Man

Larry Stafford, 42, resides in Winnebago County, Illinois with his wife Patty and their family dog Jack. They have three children, three step children, and 5 grandchildren.

Larry enlisted in the United States Army at age 18. He served 3 years on active duty as a Military Police Officer. He continued his service as an Army Reservist, during which time he graduated from Parachute Jump School and the Drill Instructor Academy.

Since leaving the armed forces Larry has worked in sales and been a city truck driver for 16 years. He knows what it's like to pay for bills on a budget and worry about sending kids to college. He can best represent the hard-working people of Illinois because he is one!

"I'm not a career politician. I'm an honest, hard-working American who wants to do my part to make our country a better place for my family and yours."
